

IMPORTANT ANNOUNCEMENT

THE PROTEST SCHEDULED FOR SEPTEMBER 14th 2026 IS POSTPONED PROGRESS ACHIEVED IN NEGOTIATIONS

On September 11, 2026 in Belgrade, the Organizing Committee of this protest informs the public, membership and all businessmen and citizens that the public protest, which was announced for September 14, 2026 at the border and administrative crossings of Serbia, is postponed until further notice.

This decision was made after the latest talks with the EU Office in Serbia, where progress was made in solving the problems that led to the protest.

Unlike the previous period, this time the EU showed a real readiness for dialogue and took concrete steps towards meeting the demands of the Association. In particular, progress has been made in relation to defining the deadlines for issuing special visas for professional drivers from the Western Balkans. The great diplomatic activity conducted by our state institutions has yielded results for a large number of EU member states.

Since the primary goal of the Association has always been the solution to the problem, and not the protest itself, we believe that at this moment it is responsible and expedient to give a chance to the institutional agreement and the realization of the assumed obligations. Gathering at the borders is the ultimate tool, and since things have finally broken the deadlock, we want to show goodwill for a constructive solution.

Please note that the protest was not cancelled, but only postponed.

The association will carefully monitor whether the other party will fulfill all the agreed steps within the promised deadlines. If we notice any obstruction or deviation from the agreement, we will immediately activate a new appointment and invite the carriers to a joint protest.

We would like to thank all our colleagues, the media and businessmen for their enormous support so far, which is crucial for the pressure to sit down at the negotiating table. You will be informed in a timely manner about all further steps and the outcome of negotiations.
